

RockPointe Student Ministry | Fall 2020

Cleaning Procedures

After each service, the RockPointe facilities staff will:

- Clean chairs with an electrostatic disinfectant sprayer.
- Clean all touch points with disinfectant solution.

Attendee Protocol

- If a student or an immediate family of a student has tested positive for COVID, please do not attend Student Ministry programming until after the full duration of the CDC recommended quarantine.
- All students and leaders will be required to wear face coverings during Student Ministry programming.
- Students who do not have a face covering will be provided with one before entering the building.
- All students will check-in on arrival.
- Students will remain in small group circles throughout the entirety of Student Ministry programming. Small groups will consist of approximately 10 individuals and will be equally spaced throughout the NorthPointe Student Room.

Student Ministry Communication and Response

- If it is known by staff that a student or a family member of a student has tested positive for COVID, we will hold the student outside of the building until a parent or guardian can return for pick-up.
- If a student is unable or unwilling to wear a face covering during Student Ministry programming, we will request a parent or guardian to pick up the student and only return when they are able and willing to wear a face covering.
- If a student shows signs of any sickness, we will request a parent or guardian to return and pick up the student.
- If a student tests positive for COVID after attending Student Ministry programming, all students of that grade and gender will be notified of potential exposure without the disclosure of names.
