

# Online Registration for Parents- Metro Camp 2021

We are so excited to have your camper join us for camp this summer!

If possible, you should have the following information readily available when you are ready to login and register your camper(s):

- Your camper's t-shirt size
- Medication information

NOTE: You can return to the system to input that information, if necessary.

**Step 1-** Please go to <http://bendcamper.org>

**Step 2-** Returning MC parents can login on the left side.

New to MC parent clicks "Create New Account".

Already Applied. Login Here

New User. Create A New Account.

Create a new account. An account will enable you to:

- › Return to view or edit your submitted applications and forms
- › Return to fill out additional forms
- › Continue a partially completed form or registration
- › Return to register online for camp again next year

**NOTE: The account is created at the FAMILY level.**

- If you are a returning family, you will be logged in as you (the parent/guardian).
- If you are a NEW family to Metro Camp, please enter the initial information for yourself as the parent/guardian. This creates an account for the family.

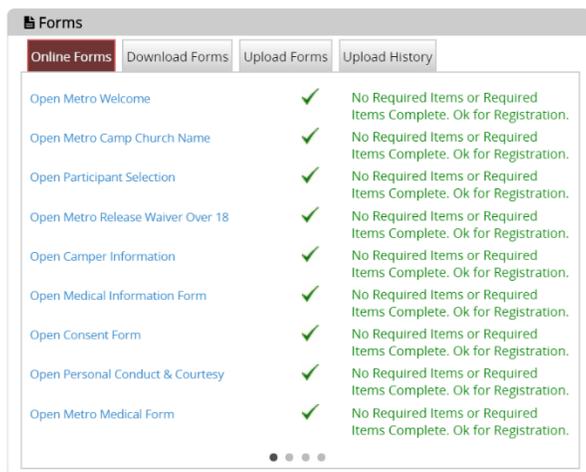

Work through the various areas of that dashboard. The only area you will be working with will be this dashboard and the "Online Forms" (in FORMS section) for each camper. In the FORMS section, disregard the other three tabs (download forms, upload forms, form history).

Returning Family- please be sure to update any changes in address and/or emergency contacts.

As each screen is completed, you will have the options to navigate the process. Please always click “Save/Next” at the bottom right of your window to move along through the registration process.

**Step 3-** On the Dashboard, you will see all of your completed information in one place. Special attention should be paid to the bottom right section, the first tab called “Online Forms”. A camper is NOT completely registered until there are green check marks all the way down the center column on this tab. So, if you are registering multiple campers, you will need to work through the same forms for each camper.

At one point in the process, you will be prompted enter a code (GHR ID) to select the appropriate camp.

**Camp Code (GHR ID) = metro2021** (all lower case)

This will enable you to select Metro Camp 2021 as the camp your child(ren) will be attending.

At another point in the process, you will be asked to **choose the name of the church** your child is attending with.

**Church Name = ROCKPOINTE CHURCH**

**Please note that if you are a returning parent, some forms will be checked already. Please review each form anyway.**

Lastly, you will be given the opportunity to “Add Camper” once you are finished with your first camper. This will easily take you back to the sections that need to be completed for that next child/camper.

Before you log out, please go back to your dashboard to confirm your emergency contact information, provide medication information (which you will need to update just prior to camp, if necessary) and all contact information.

**IMPORTANT: Parents should only register their own child(ren). If your child is bringing a friend, cousin neighbor or classmate (which is highly encouraged!), that friend’s parent must use the same link to register their camper(s).**

*Please direct all additional suggestions and questions to your church leader:
